

ROAD CLOSURE –South 6th Street at the Railroad Crossing

**SOUTH 6TH STREET WILL BE CLOSED DURING THE WEEK OF
MONDAY, AUGUST 27, THROUGH FRIDAY, AUGUST 31.**

The City will remove the existing rough asphalt pavement at the railroad crossing and then the Genesee & Wyoming Railroad (GWRR) will complete repairs to the ballast, rail ties, as well as install new EPFlex “rail seals.” National Construction is scheduled to re-pave the crossing and, together with the City, re-open South 6th Street on Friday, August 31, 2018.

The finished crossing will be greatly improved with a smooth drive surface.

While this closure will cause an inconvenience to drivers, the repairs were scheduled to avoid conflicts with school deliveries in September as much as possible.

Please drive patiently and safely through all work zones!

Call Engineering at 541-942-3340 with any concerns or questions.

Sanitary Sewer Repairs -2018

The City has hired H&J Construction to complete repairs to four sanitary sewer mains; project duration is from August through October.

The project begins Monday, August 20 and will include investigatory potholing to confirm locations of utilities on the following dates and locations:

Monday, August 20

S 3rd Street: H&J Construction will temporarily close a portion of S 3rd Street between E Washington Avenue & E Adams Avenue to research existing utilities under the street. The intent is to locate a new manhole in S 3rd St and reconstruct a sanitary sewer main pipe that has nearly collapsed in the alley east of S 3rd Street.

Van Buren Avenue: potholing investigation; residential access will be maintained.

Tuesday, August 21

NE Corner of 7th & Adams: potholing investigations under the sidewalk to confirm locations of utilities.

Please drive patiently and safely through all work zones!

Call Engineering at 541-942-3340 with any concerns or questions.
